BLOCK 2

In this course, the Eighth Unit deals with the introduction to psychology and its significance in social work profession, social psychology and dvelopmental psychology. The Ninth Unit discusses the concepts of need, drive, incentive, motivation and personality. The Tenth Unit explains the concept of human behaviour and factors affecting it. The Eleventh Unit deals with the concept of socialization and the theories of development and behaviour. The Twelveth Unit explains in detail the concepts of abnormal psychology, psychopathology and mental retardation. Thirteenth Unit focuses on the concept of human growth and develpment and its stages. In the Fourteenth Unit there is detailed discussion on childhood and adolescence stage of human growth. In the Fifteenth Unit, the adulthood and late adulthood stages of human development is discussed along with the challenges laced at this stage.

While going through a unit, you will notice some along-side boxes, which have been included to help you know some of the difficult, unseen terms. Some “ACTIVITY’ (s) have been included to help you apply your own thoughts. Again, we have included some “CHECK YOUR PROGRESS” questions in between at the end of the units. These have been designed to self-check your progress of study. It will be better if you solve the problems put in these boxes immediately after you go through the sections of the units and then match your answers with “ANSWERS TO CHECK YOUR PPROGRESS” given at the end of each unit.
